

Question 1: 0.5 points for the screenshot of the command and flag, 0.5 points for an explanation about the thought process used to figure out the command and/or the payload used.

Question 2 - 6: 1 point for the screenshot of the command and flag, 1 point for an explanation about the thought process used to figure out the command and/or the payload used.

Question 7: 0.5 points for the answer for part A, 0.5 points for the answer for part B.

All bonus question points will be added in case you lose points in any of the questions above. If you receive full points for questions 1-7, the bonus questions won't affect your score.

Question 8: 1 point for a reasonably valid description of the process used to attempt the question and proof of attempts as screenshots, 1 point for the final flag.

Question 9: 2 points for a reasonably valid description of the process used to attempt the question and proof of attempts as screenshots, 1 point for the final flag.

Question 10: 1 point for a reasonably valid description of the process used to attempt the question and proof of attempts as screenshots, 1 point for the final flag.
